POST OFFICE VISIT

04-02-2026

Students of Grades 2 to 8 visited the Nadukkunnu Post Office during school hours as part of an educational activity. They learned about the functions of a post office and observed the mail process.

Students also wrote heartfelt letters to their parents and posted them, gaining practical experience. The visit was informative, engaging, and helped students understand the value of traditional communication.

KG CRAFT DAY

06-02-2026

KG Craft Day was celebrated with great enthusiasm and joy. The little students actively participated in various creative activities using colors, paper, and simple craft materials. The children showcased their creativity by making beautiful and colorful crafts, guided by their teachers. The activity helped improve their fine motor skills, imagination, and confidence. The day was filled with fun, learning, and excitement, making it a memorable experience for all the students.

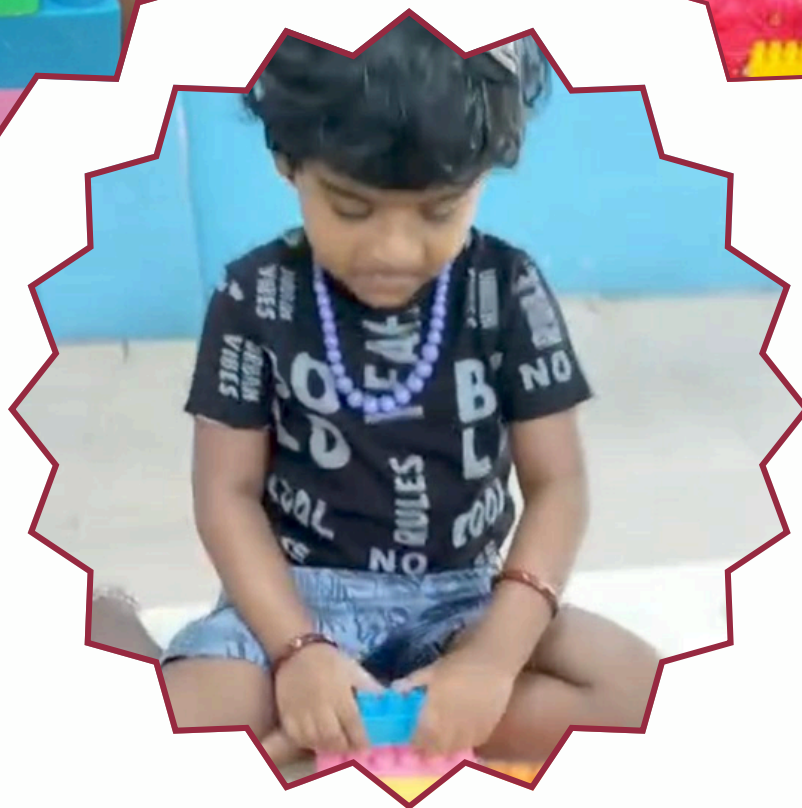

ENGLISH ACTIVITY - KITE MAKING AND FLYING

An English activity on kite making and flying was conducted with great enthusiasm among the students. The activity aimed to enhance vocabulary and communication skills through a fun, hands-on experience. Students actively participated in making colorful kites while learning new words related to the activity. They also enjoyed flying their kites, expressing their excitement and ideas in English. The activity was both enjoyable and educational, helping students improve their language skills, creativity, and confidence.

KG BUILDING BLOCK DAY

13-02-2026

Building Block Day was conducted with great enthusiasm among the KG students. The children actively participated in constructing various structures using building blocks. Through this activity, students explored their creativity and improved their problem-solving and motor skills. They built towers, houses, and other imaginative designs with excitement and teamwork. The day was enjoyable and educational, helping the children develop coordination, creativity, and confidence.

SCIENCE ACTIVITY-MAKING FRISKI

A science activity on making “Frisky” was conducted with great enthusiasm among the students. The activity aimed to introduce basic scientific concepts through a fun and hands-on experiment.

Students actively participated in preparing Frisky using simple materials, observing changes and reactions during the process. The activity helped them understand concepts in an engaging and practical way.

The session was enjoyable and informative, enhancing students’ curiosity, creativity, and interest in science.

KG VEGETABLE DAY

20-02-2026

KG students celebrated Vegetable Day with fun and learning. They enjoyed creative activities, and learned about healthy eating and nutrition. The event was an engaging way to promote good habits and creativity among the little ones.

SCIENCE ACTIVITY-HOT AIR BALLOON

The science activity on “Hot Air Balloon” was conducted with great enthusiasm and interest. Students observed how hot air rises, helping the balloon to inflate and move upward. The activity made learning interactive and enjoyable while introducing basic scientific concepts in a simple way. It encouraged curiosity, observation, and hands-on learning. The session was both fun and informative, making it a memorable experience for the students.

SCIENCE ACTIVITY-ELEPHANT TOOTH PASTE

The science activity “Elephant Toothpaste” was conducted with great excitement and curiosity among the students. The experiment created a foamy reaction, which amazed the children and made learning fun and engaging. Through this activity, students were introduced to basic scientific concepts in a simple and interesting way. It encouraged curiosity, observation, and hands-on learning. The session was enjoyable and informative, leaving the students with a memorable learning experience.

KG STRAWBERRY DAY

27-02-2026

KG Strawberry Day was celebrated with great excitement and fun. The day was filled with activities centered around strawberries, helping children learn in an enjoyable way. Students participated in various creative and engaging activities and enjoyed tasting delicious strawberry treats. The celebration made learning colorful and interactive while enhancing their knowledge about fruits. It was a joyful and memorable day for all the little ones.

KG CARNIVAL DAY

06-03-2026

KG Carnival Day was celebrated with great joy and enthusiasm. The programme featured different traditional play activities, giving children a fun and memorable experience. Students actively participated and enjoyed every moment, making the day lively and cheerful. The event was a wonderful blend of fun, learning, and togetherness.

KG GRADUATION CEREMONY

25-03-2026

The KG Graduation Ceremony was celebrated with joy and pride, marking an important milestone for our young learners. The event featured wonderful performances by the students and the distribution of graduation certificates. It was a memorable occasion filled with happiness for students, parents, and teachers.

SHARING AND CARING DAY

25-03-2026

Sharing and Caring Day was conducted to instill the values of kindness and togetherness among students. Children brought homely and healthy food and happily shared it with their friends. The activity helped students understand the importance of sharing, caring, and building strong friendships. The day was filled with joy, love, and a spirit of togetherness.

YELLOW BELT DISTRIBUTION-KARATE

25-03-2026

The Karate Yellow Belt Distribution ceremony was conducted with great pride and enthusiasm. The event recognized the hard work, discipline, and dedication of students who successfully completed their training.

Students were awarded the Yellow Belt as a mark of their progress in karate. The ceremony encouraged them to continue practicing with confidence and determination. It was a proud and motivating moment for both students and teachers.

THANK YOU
